Ref. your letter dated 22.2.2005 concerning LU Digestive Bar

Thank you for your feedback concerning the mistake in the labelling text in LU Digestive Bar inner wrapper. We are very sorry about it.

LU Digestive Bar doesn't contain any hydrogenated vegetable fat although it is by mistake mentioned in the ingredient list of the inner wrapper of this product. The ingredient list of the product's outer wrapper is correct.

We will correct the text in the inner wrapper for the next print run.

We once more apologize this mistake and hope that you can trust to our products in the future.

Best regards,

Jaana Turunen
